Forecast For East of England
Issued by Met Office Exeter
at 1600 on Thursday 19 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Evening showers, damp overnight. Becoming brighter through Friday.

This Evening and Tonight:
Scattered heavy showers should gradually continue eastwards and eventually ease during the evening. Remaining rather cloudy and damp for the remainder of the night, with some drizzle possible, while limited cloud breaks may allow some fog patches to develop later. Minimum temperature 14 deg C (57 deg F).

Friday:
Generally on the cloudy side overall, perhaps damp in places too at first, although developing cloud breaks may allow for some warm sunny intervals in places later. Maximum temperature 23 deg C (73 deg F).

Outlook for Saturday to Monday:
Rather cloudy with some rain likely over the weekend, perhaps becoming heavy and prolonged in places. Gradually becoming drier, brighter and warmer through Monday.
